- Sex gender and sexuality

Module level timetable - indicate the timing of the teaching sessions from the previous and upcoming teaching year:

Community Reproductive Health: 01.00-03.00 p.m., Tuesday, 2nd semester

Maternal Health: 6th semester

Fertility and Family Planning: 6th semester

Child Survival: 6th semester

Adolescent Reproductive Health: 6th semester

Labours Reproductive Health: 6th semester

Elderly Reproductive Health: 6th semester

Sex, Gender and Sexuality: 7th semester

Critical Appraisal in Reproductive Health and Maternal and Child Health: 7th semester

Pedagogic/teaching methodology:

Scheduled learning includes lectures and discussions. In one class, all the students are divided into small groups. Each group has to discuss the topic determined by the lecturer and presents the results to the class.

Lecturers present module materials using the LCD and whiteboard.

Independent learning includes hours engaged with essential reading, assignment preparation and completion and self-directed study.

Assessments used:

There are three types of assessment:

1. Middle examination (40%)
2. Final examination (40%)
3. Group/individual assignment (20%)

Each examination takes 100 minutes including multiple choice questions, essays, and short answer questions. Assignment is assessed by writing a report about a specific case then the students present it. The examination assesses the students' knowledge and understanding and all learning outcomes of the module.

Weeks required and place in academic calendar:	Number of weeks	Week number
Community Reproductive Health Tuesday, 01.00-03.00 p.m. Weeks beginning 13/02/2018-29/05/2018	16	17-32
Maternal Health Weeks beginning 02/2020-05/2020	16	17-32
